The qualities range from 360p, 7800, HD, 1080p.. Many Bollywood movies like Dabangg 3, Pagalpanti and others have also fallen prey to this site.Q: Using GIT Over FTP Using Branch and Tags I am using git and I create a branch using: git checkout -b DevMaster Now I want to push my branch to remote using GIT instead of FTP (I push the branch using the push on the remote GIT repo) I want to know if its possible to create a tag too using the following method? Is there anything called a "repo branch" where it can create and use tags like we do with our local branches? I am using VSTS for this. A: Is there anything called a "repo branch" where it can create and use tags like we do with our local branches? This is not possible in general, as the "repo" is managed by the software itself, as you have shown. While we can use local branches for managing remote branches
