Over the weekend, there were reports that the Supreme Court had put the regulations on hold, at least temporarily. Despite the conflicting signals, I've been thinking about how to respond to the news in a way that is faithful to the Clean Power Plan. For instance, the administration has made it very clear that it intends to support EPA's ruling, and that it will continue to block states from implementing the plan. 09e8f5149f

Home Revision Management System [Mac/Win]
