The Nigerian not only dominates the Nigerian football league, he also makes his presence felt in the England's Premier League. His impact in the English Premier League is evidenced by the fact that the championship is running on a six-foot-five-inch tall defender. Chukwuma Okwudie Nandipo is a huge fan of the beautiful game. Speaking to the club official website he was quoted as saying: "I love football. I find it fascinating to watch. I love supporting Arsenal, and as a Nigerian I've always had a strong connection to the Gunners," he says. "When I was a kid, every Sunday, my brothers and sisters and I would go to the stadium to watch Arsenal. I still go and enjoy the game. "I like to watch other teams, too. I know Cristiano Ronaldo quite well and I follow him closely. He's an amazing footballer and I look up to him." This upcoming season, Nandipo is on a season-long loan to Crystal Palace. The Nigerian scored in his side's 2-1 win over Everton in the U21 Premier League last week. The defensive midfielder has netted four goals and made eight assists in the Engl

FIFA is the world's #1 videogame franchise. One million players around the world are connected to the FIFA community every month via the interactive FIFA platform. FIFA is known for its authentic gameplay, real-world gameplay, real-world players, and real-world tactics. FIFA is the award-winning videogame franchise of the EA Sports[™] FIFA franchise. Players are known to score most of their goals with the foot: scoring is a key part of FIFA, where players kick the ball into the opponent's box and watch the match unfold. This fundamental gameplay can be seen in FIFA, where players are capable of making their own final pass and scoring in their opponents' half. Additionally, players are able to play out 4-14-1 football, or even 4-3-3-1 football, where more than one striker can attack at once. What is FM? FM is a title that is intended to give the player a better overview of matches and tactics. FM currently also includes a title called FM Live, where players can watch matches live. The popular title FM Live is available for download on all platforms except Windows Phone 8 and Xbox One, which is only available via the TV app. What's new? The game has been optimised for the new FIFA 20 Engine and looks stunning. It comes with a new matchday view and a new Transfer Center, which comes packed with all the cool features that are in the real-life counterpart, plus some more.
