In addition to working on a weekly basis with external clients, our team of eight is able to provide small groups of less than ten clients with unique learning experiences. Although we also offer video-based group instruction, we believe a combination of instruction and practice is the key to improving visual skills. We use a combination of our expertise, knowledge and experience to produce outstanding educational video programs that motivate and inspire. Our staff can provide your school or community agency with video programs, video-based curriculum or teacher professional development. Many of the teachers who have completed this training have implemented the use of movieclips and video into their curriculum. I hope that this year, this DVD set will be part of your visual literacy toolkit. On August 2, Education World reported that the Department of Education had allocated an additional \$9.8 million in National, State, Local, and Tribal funds to schools for the purchase of visual and media equipment. What a great opportunity for you to use movieclips in your classroom! We also have a number of sets of motion sensitive floor mats that are very popular and easy to use in the classroom. With MovieClip Timer Lite you can monitor the time a class spends playing with MovieClip Timer. By default, the timer is set to start when the class starts playing with the software and is automatically stopped when the class stops. These are tools for developing critical thinking, problem solving, creativity, vocabulary, communication, self-confidence and self-discipline. What better way to inspire students than to encourage them to use movieclips and video to create their own movies? We have created a complete collection of movieclips for this purpose. Others have even gone as far as giving a movieclip (or a range of movieclips) as a quiz. Knowing the usage for movieclips, you can use a movieclip in a number of interesting ways. With so many great choices, you can't go wrong when you start to look for ways to use your movieclips! We hope to see you enjoying our new videos and movies as much as we do. As the World's most trusted educator-led educational site, Dave Peters, edu, has been producing high-quality, engaging online videos for educators for over 10 years. We offer the best free movie clip site on the web, with free video tutorials for both experienced and new users. We can offer you a number of great ways for you to use the movieclips on your own site. We offer thousands of movie clips for you to use as free, royalty-free clip art. If you own a video camera, we offer an amazing collection of video footage of your favorite movie clips. With our wide variety of clips, you will always have the perfect clip at hand.
