game.androidapp- Review by Speece I love the Elden Ring and this game is definitely worth it. It is the most fun, the best looking, and the most original game ive played. The story is good and the character development is great. The music is relaxing and makes me feel like i have teleported to another dimension, and yet it feels familiar. The customization of the clothing and armor is superb, the graphics are amazing and the game play is really fun. This is a must buy game for anyone who wants to try out a new game genre.

A+++++++ game.androidapp- Review by Jekar- The Game Freak There is not a game quite like this one. I love it and I'm glad the game has been a while in the making. In my opinion this is the best RPG game made for the mobile phone. Amazing graphics and sound, cool story. If you ever wanted to see the world of Elden, this is the game for you! game.androidapp- Review by ronshardy This is the best game I have ever played! There is a place called the Underworld where the vampires live and they are almost at the end of their lives and their dreams are going to become nightmares. You play as a vampire named Tarnished and you are the only one who can cure these vampires to bring them back into the world of dreams, to the world of the dawn. You can do this with the help of the mystical rune of the Elden ring. The enemies are all of the nightmares that roam this place: vampires, goblins, trolls, monsters, and zombies. The new feature is a rune heart which can be used to heal the vampires or to speed them up. It is not easy because if you are too strong, the vampires will kill you. There is also a new feature to the game, "Bloodless" mode. No more vampires, goblin zombies, or trolls. It is just you and your rune heart and the monsters. The enemies are more powerful and strong as you go through the game, the difficulty level goes up a little. To make the game easier, you can heal yourself in certain ways so that you can proceed to the next level. There are three levels: ascent, descent, and arcane. You have three characters, each with their own special abilities. You can choose to be male or female. There are also men's and women's clothing. One nice thing in the
