Acela and Emerging Players A key enhancement to FIFA 20's updated features is the addition of a "Young Player" mode. Players can begin as a Young Player in FIFA 21; match and "birthdate" details will be added at the end of Career mode. That player will then have their physical progress – strength, ability, stamina, and speed – built up as they progress through their career until they reach their peak. In addition, the "Young Player" can now sign for a European club, complete their first season, and then return home to continue their career. FIFA 21 has the largest amount of playable leagues in the series, more than 200 in total, with new gameplay additions in the form of regional competitions, a new "Club Battles" system, and an increased level of realism. Now you can choose to play any club from anywhere in the world, thanks to the inclusion of Ultimate Team's new 'Find Clubs' feature which allows you to search other regions to find players. All 12 top European leagues are also playable in the Ultimate Team game mode. "With FIFA 21, we have pushed the boundaries of the series to the limit by finally bringing the 'Living Card' technology to fans," said Alistair Hope, Executive Producer, EA SPORTS FIFA. "FIFA 21 introduces a new ground breaking feature, 'Finding Clubs', which will add a whole new dimension to your FIFA Ultimate Team. We are also excited to expand the features in the 'Young Player' mode with our new game mode – 'Club Battles.'" "Our goal was to bring more realism and authenticity to the soccer experience. We want to give players the opportunity to compete and showcase their skills on a global scale," continued Hope. "We have new control systems, physics, animation technology, and player motion capture data to ensure the most authentic and realistic experience. Alongside this, we have made the creation of Ultimate Teams more intuitive and easier than ever." Pricing and Availability FIFA 21 launches worldwide on September 29th, 2018 for PlayStation 4 and Xbox One, and September 27th, 2018 for Nintendo Switch. The EA SPORTS Football Club DLC will be available on September 12th, 2018.
