I don't have the exact instructions, but I would assume it's some sort of remote game emulator. I think on xbox one they have remote play capability and .
- I need it so I can play against people from different cities. - That's a really good thing. - That's my second question, if you still have a question I haven't asked. - Well, I have one question that I didn't ask, but it relates to what you mentioned. You can play games online. You have online games. - Yes, but they're paid for. - So you pay, you play, but then you pay to play.
