11/8/2014 Rating: [5 of 5 Stars!] "I LOVE these sunglasses. I am currently in Northern California and the two winters here have been a bit too much for me. I love the coat. It's so soft and the color is really pretty. But the warmth of the fur is amazing. The sunglasses are also fantastic! I can wear them for almost a week with no discomfort. And they are comfy for me too because I have glasses that just feel like they are too loose for my face. They are definitely a 5-star product. I have really short hair so I needed something that was the right length and wouldn't show too much hair. These sunglasses are perfect! And they are lovely looking too! I highly recommend them to anyone. You won't be disappointed!"

7/29/2014 Rating: [4 of 5 Stars!] "I bought these black sunglasses for my son to go on vacation with his girlfriend. They are very stylish. They look good and are comfortable for him to wear."

5/29/2014 Rating: [5 of 5 Stars!] "I purchased a large size for a baby in the Fall. I love the style of the glasses

and the length. The only con is that the coat is too long but I'm just going to have to buy a child size coat!"

Just click on the button to get the upgrade to the latest version. Description: We've got quite a tasty application for you today! Jeroen's Windows App of the Week. We've been building this application for quite some time. I think it's about the 10th or 20th version. It's probably a tenth. The app lets you download, then install apps that are not found in Windows Store. This enables you to use cracked apps and apps that are not allowed to be downloaded in Windows Store. You can use it to download as many applications as you want, then install them on your computer. The app lets you browse for and install apps that are not found in Windows Store. The app works perfectly. The program is a bit large, but I did not expect anything else. The interface and usability is just as well-done as the author's previous applications. You can do whatever you like, but I
